

Transparency

As a public-facing body, we are committed to making information readily available and easy to understand.

- **All invitations to tender** can be found on [GOV.UK contracts finder](#) or [Find a tender service](#), dependent on the tender amount (type "National Heritage Memorial Fund" in the advanced search to find all specific listings.)
- We post all of our recent details of staff structure, salaries and expenses. In accordance with Cabinet Office guidance, we also publish transactions over £500.
- The Freedom of Information Act requires us to produce a [Publication Scheme](#). The publication scheme is a document that describes the information we routinely publish, where you can find it, and whether we charge for it. It is not a list of our publications: it describes the kinds of information we publish.

If there is specific information you would like to view or access, please email foi@heritagefund.org.uk.
